

A. POLICY

The City of London maintains a fleet of vehicles to meet City work requirements for the benefit of operations. The City issues some vehicles in a take home status for persons requiring this convenience. This policy details the usage, care, and accident notification process for all City of London vehicles and sets general guidelines for all drivers.

The City of London may require that an employee maintain a valid driver's license and may require the employee to drive his/her personal vehicle for work related purposes, such as travel to and from work sites in the field, offices of other agencies, meetings, or other purposes. If an employee is eligible for reimbursement by the City for mileage per the IRS guidelines, then the activity constitutes a work-related purpose.

For employees who are required to have a Commercial Driver's License as part of their employment, these procedures are separate from and in addition to those required by Federal Motor Carrier Safety Regulations.

- *This policy addresses the minimum expectations/requirements for all Departments. Departments may include additional procedures at their discretion.*

1. Employers — Generally:

- a. Vehicles purchased or leased by the Employer shall be subject to regulation by the Employer.
- b. All vehicles owned or leased by the Employer shall be plainly marked as the property of the City, shall bear City license plates, City logo and vehicle number, except law enforcement undercover vehicles.
- c. Vehicles may be provided for those officials, department heads and employees who require transportation in the course of their duties. Employer-owned vehicles are not to be used for employee travel to and from work unless authorized by the Employer in writing.

The department head may also assign a City vehicle to employees attending training, seminars, conferences, or similar programs approved in advance by the Employer.

- d. Employer-owned vehicles shall be used by employees whenever possible on approved City business.

2. Assignment of City Vehicles:

- a. Permanent vehicle assignments or assignment of a vehicle to attend a conference, meeting, etc. will be made based on written request which provides documented justification. Approval will be based on transportation needs, emergency requirements, call-out availability, after hours meetings, cost effectiveness, or as otherwise determined by the Employer.
- b. Permanent vehicle assignments shall be reviewed annually by the Employer during the budget appropriations process. All permanent vehicle assignments shall be reported to the Auditor for income tax purposes. Employees assigned vehicles shall comply with the Auditor's Office in meeting the IRS rules. All employees who have permanently assigned vehicles shall keep a daily record of any personal use of the vehicle. This shall include, but not be limited to, commuting to and from work. All costs associated with personal use must be added as income to the employee's W-2 statement. The records shall also include maintenance, insurance, fuel, etc. Failure to maintain and provide such information may result in loss of use of the vehicle.
- c. Daily vehicle assignment will be at the discretion of the department head based on the operational needs of the respective department.

- a. All operators of Employer owned or leased vehicles or employees using their own vehicles for Employer business shall be at least 18 years of age.
- b. All drivers must have a current, valid Ohio driver's license that covers the type of vehicle to be operated. Proof of valid driver's license shall be required annually. A copy of the license must be placed in the driver's file.

In those classifications which require a certain motor vehicle license, newly hired employees must generally possess such license as a condition of employment, and all current employees must maintain said license for the duration of their employment in said classification. Loss of license and driving privileges by such employees may result in termination of employment for incompetency. **In the event that the employees driving record is a basis for denial of insurance coverage by the City's provider may result in termination of employment for incompetency.**

- c. Employees operating a vehicle on behalf of the Employer are expected to operate the vehicle in a responsible manner. An individual's driving record as maintained by the State of Ohio Bureau of Motor Vehicles (BMV), or record from any other state or country in which the driver or applicant has resided or operated a motor vehicle during the previous 36 months, or any

other legal source, will be used as an indication of the individual's ability to responsibly operate a vehicle. The Employer will review the BMV driving record of each City employee who operates a vehicle on behalf of the Employer annually.

- d. If an employee performs required work-related driving, and acceptable driving record must be maintained.

**An Acceptable Driving Record is defined as:**

- No major violations in the last three (3) years

- Any moving traffic citation (speed less than 20mph above the posted limit, failure to stop or yield, improper lane change, driving left of center, improper backing, etc.) other than a major violation.
- Any non-moving citations (Motor vehicle equipment, load or size requirements, Improper display or failure to display license plates, Failure to sign or display a registration card).

The Employer may also require employees to participate in remedial or defensive driving courses when employees evidence poor driving records.

e.f. An applicant may be denied employment on the basis of an unsatisfactory driving record. At the discretion of the Employer, denial may be made without regard to the number of points or violations or whether they occurred within the State of Ohio. The Employer will review the BMV driving record of any applicant who, if employed, will be operating a vehicle on behalf of the Employer, prior to making an offer of employment.

f. g. Drivers shall report to their department head any moving violations or accidents which occur while they are on or off duty. On-duty accidents or moving violations shall be immediately reported to the department head.

## **B. PROCEDURE**

**1. Motor Vehicle Reports** Candidates who are being considered for a position which requires work-related driving must complete an initial motor vehicle driving record review. The driving record is used to evaluate candidates for employment; the candidate must sign a release for the City to obtain the motor vehicle record. Failure to sign the release will result in any contingent offer being withdrawn.

Upon hire, the City must assure that drivers remain qualified throughout the duration of employment. Motor Vehicle Record Checks will be obtained periodically for all employees who are required to perform work-related driving. Driver qualification files will be maintained to facilitate review of the employee's adherence to the Driving Policy.

A release/consent form authorizing the Motor Vehicle Record Check is required. Failure to sign the release will result in disciplinary action up to and including termination of employment. An unsatisfactory result on this record check, which does not reflect an acceptable driving record as stated above, will result in disciplinary action up to and including termination.

4.2. Mileage Reimbursement Requests: Employees should use an Employer-owned vehicle whenever possible to conduct Employer business. However, any employee who uses a privately owned automobile on approved City business shall be reimbursed at the current reimbursement rate established by the Employer. The employee must obtain approval from the department head prior to incurring the expense. To receive reimbursement, the employee must submit the odometer readings of the vehicle showing starting and ending mileage. When air flight is less expensive than paying mileage, the cost of air flight may be approved at the discretion of the Employer.

~~2. 3. Reporting Accidents: Employees shall immediately report all accidents involving Employer-owned vehicles or personally owned vehicles being used for Employer business. A Driver's Report/Accident Report Form shall be completed, signed and submitted by the employee to the department head. The department head shall review and submit the Driver's Report Form to the Appointing Authority. The driver will also report the accident to the appropriate law enforcement agency, obtain a copy of that agency's accident report and forward such report to the Appointing Authority. If the driver is in a safety sensitive position, is a CDL holder, or if there is reasonable suspicion that the driver is under the influence of alcohol or drugs, the driver may be required to take a drug or alcohol test in accordance with the Employer's policy for CDL holders.~~

a. When an employee is involved in an accident while driving on City business, whether with or without passengers, the employee must call his immediate supervisor as quickly as possible to report the problem. The employee must immediately call local law enforcement in the case of a motor vehicle accident to report the accident.

b. Accident report forms and related documentation are to be completed and submitted or forwarded to the City Safety Service Director within 24 hours of the event.

c. When involved in an accident while driving a City vehicle, the driver must follow the instructions and complete the forms in the accident kit located in the

d. Major traffic violations and at-fault accidents must be reported to the Supervisor immediately.

e. Traffic Violations: Parking, moving violations and/or other fines received during the operation of a vehicle for City business are the responsibility of the operator. It is essential that the employee report immediately to his supervisor by providing a copy of the citation.
